ASP.NET MVC Developer | React Native Developer | WordPress Developer

SUMMARY

Software Developer specializing in **ASP.NET MVC, React Native, and WordPress** (Mid-Level), with a strong academic foundation (BSCS) and hands-on experience in developing web and mobile applications. Skilled in **C#, SQL Server, MySQL**, **JavaScript**, and **WordPress** development, with proven ability to deliver clean, scalable, and user-friendly solutions. Passionate about problem-solving, writing optimized code, and continuously learning new technologies.

TECHNICAL SKILLS

Languages: C#, JavaScript, HTML, CSS
Frameworks: ASP.NET MVC, .NET Framework, Entity Framework, Web API, React Native
Databases: SQL Server, MySQL
Tools: Visual Studio, Git, Postman, VS Code
WordPress Development (Mid-Level): Custom themes & plugins, Elementor, REST API integration, MySQL management, performance optimization

Other Skills: Debugging,Logical Problem Solving,
Team Collaborationc

PROJECTS

■ Talent Hunt Platform (ASP.NET MVC, SQL Server, EF)

Developed a web-based event management system with CRUD functionality, role-based access, and form validations.

■ Hostel Management System (C#, WinForms, ADO.NET)

Built a desktop system for managing student & room records with filtering, editing, and printing features.

■ Employee Manager (Payroll System, C# + SQL Server)

Created a payroll system with wage calculations, input validation, and employee record management.

■ Task Management Mobile App (React Native + MySQL)

Designed a mobile app to create, update, and track tasks. Integrated with backend APIs connected to a MySQL database. Added authentication, validations, and a clean, responsive UI.

EDUCATION

Bachelor of Science in Computer Science (BSCS)
Barani Institute of Information Technology — July 2025

ADDITIONAL INFORMATION

Languages: English, Urdu, Punjabi
Other: Excellent communication & teamwork skills, Comfortable with Git & GitHub for version control, Quick learner, adaptable to new technologies
